

# AFTERNOON TEA

”

So there we are in Furusund, sipping tea and pretending our worries don't exist. With every sip, I think, 'Sip, sip, hooray!' But then I hear someone say, 'When in doubt, pinkies out!' and I know we're truly living the 'brew-tea-ful life.' And if you forget everything else, just remember: a scone is never forgotten, but always devoured!"

Welcome to a moment of tranquility and enjoyment in Furusund, where each cup of tea offers a flavorful journey through life's small pleasures, surrounded by the peace of nature and the whispers of history.

”

In Furusund, where teapots spin and laughter fills the air, we waltz through the afternoon, pretending our worries aren't there. With every sip, we toast to joy and the sweet art of pause, embracing life's little quirks and raising our cups with applause!"

## Urval av te

### COOL MISS GREEN

Green tea with mango and sea buckthorn. Green is an interesting colour. It's the colour of the raging sea, jealousy and dollar bills.

### WITTY LEMONS

White tea with fresh vegetable notes and lemon flavours. Charlie & Chloe like to collect things. Things like tattoos, cloud shapes, dog names, quotes, long breakfasts and lazy afternoons.

### MELLOW MR BLOOM

rooibos with strawberries, blueberries and marigold blossoms. Perhaps you woke up too late, missed the train, spilled coffee all over your laptop, posted an awkward status when trying to send a private message and activated the office alarm by mistake?

### HOLLY DAY

A blend of black Indian teas, cinnamon, cardamom, black pepper, fruit and cloves. Have you met the lively and stimulating miss Holly Day? It's her lovely scent you'll notice first

### EARNEST EARL

black, south Indian tea balanced by a touch of wonderfully citrusy bergamot oil. Earnest Earl likes to daydream about travelling in time.

### DARING DOROTHY

black tea blended with pineapple, peach and liquorice root Daring Dorothy's first word - at 6 months - was a firm "tea". Her first complete sentence?

### LADY HOTLIPS

Black tea leaves from the Assam Region blended with traditional ayurvedic spices such as cinnamon, cardamom, pepper and cloves in fine company with orange, apple pieces and some vanilla.
